## FRENCH TROOPS OCCUPY RUHR

### ESPOTISM LOUISIANA KLAN'S AIM

BY ORVILLE DWYER  
(SPECIAL DISPATCH)  
BAYTOWN, La., Jan. 10.—Judge J. M. Olin, sitting in the District Court here in an open hearing on the case of the Ku Klux Klan, announced today that he had ordered the Klan to discontinue its activities in the parish. The judge said that the Klan's activities were a violation of the law and that he had ordered the Klan to discontinue its activities in the parish. The judge said that the Klan's activities were a violation of the law and that he had ordered the Klan to discontinue its activities in the parish.

### STATE ROAD PROGRAM TO BE HELD UP

BY KYLE D. PALMER  
(EXCLUSIVE DISPATCH)  
SACRAMENTO, Jan. 10.—Revealing the virtually bankrupt condition of the State Highway Commission and announcing a program calling for sharp reduction of highway construction, pending the disentangling of the involved situation created by the political activities and inefficiency of Stephens administration road officials, a statement showing that less than a quarter of a million dollars is available for highway work in California was issued here today by Harvey M. Toy, chairman of the new Highway Commission appointed yesterday by Gov. Richardson. Mr. Toy announced that the former commissioners deserted their posts in such haste as to leave affairs of the commission in a deplorable chaotic condition and he said that an initial investigation of the finances of the commission indicates that the old commissioners incurred obligations and signed contracts calling for an expenditure of \$15,740,000 of the \$14,000,000 worth of uncollected bonds of the issue of \$40,000,000 voted by the people in 1915.

### LONG-THREATENED SEPARATE ACTION IS ACCOMPLISHED

(BY CABLE AND ASSOCIATED PRESS)  
ESSEN, Jan. 11.—The French troops entered Essen early this morning. MULHEIM, Jan. 11 (10:30 a.m.)—French patrols already are filtering through the bridgehead in the area of occupation. Closing in on Essen and Bochum, they have reached Mulheim. The Belgians are advancing through Ruhrort, waiting for the French. The country hereabouts is quiet. The blast furnaces are working full time with three shifts. There was no indication that there will be any trouble for the French on their first day of occupation. The workers are apathetic regarding the presence of the French. They declare they know they are being exploited by their own capitalists and are now working for their bread and therefore are indifferent as to what the French do, for their situation cannot be worse. The French have instructions not to mingle with the population or use violence if not necessary.

### FACE LOOMS AT LAUSANNE

Conference Orders Turks in Greece and Greeks in Turkey to Move to Native Lands  
(BY A. P. NIGHT WIRE)  
LAUSANNE, Jan. 10.—One million human lives are affected vitally by the decision reached by the Near Eastern Conference today. One million Greeks and Christians who live either in Greece or Turkey are ordered to leave their homes and business places and move on to their native lands. The conference today ordered the Greeks in Turkey to move to their native lands and the Turks in Greece to move to their native lands. The conference today ordered the Greeks in Turkey to move to their native lands and the Turks in Greece to move to their native lands.

### Puppy Love Victims Are Now in Jail

The adolescent love affair of Marion Doellittle and Silvestre Bires, whose disappearance was broadcast throughout the southern part of the State Monday, was interrupted last night by Patrolman H. R. Blair, who arrested the couple as they were attempting to register at a hotel on Main street near Temple. The girl, whose age was given by her relatives as 13 years, told Detective Parsons that she and De Bires had attempted to obtain marriage licenses in Los Angeles and San Diego, but had failed. They lived together at San Diego, she told the detective, according to his report. Marian resides with her widowed mother at 1215 Mohawk street. She declared Sunday she would run away with De Bires, who is hardly more than two years her senior. If their love affair was interrupted with that night she said she had been maintained in a pair of pants.

### LATEST NEWS

Prominent Banker Dies  
SAN FRANCISCO, Jan. 10.—Clarence Grange, 60 years old, organizer of the Merchants' National Bank and for many years a prominent figure in the financial circles here, died today after a long illness. He was survived by his wife, Mrs. H. O. Grange, and a son, H. O. Grange, Jr. Funeral arrangements have not been announced.

### Yegg Robs Family of 'Rich Gems'

(EXCLUSIVE DISPATCH)  
SAN DIEGO, Jan. 10.—While Mr. and Mrs. Walter P. Bliss and C. B. Cord were eating dinner last night at the home of the Blisses on Woodman avenue, some one knocked at the front door. Mr. Bliss, thinking it was one of the neighbors, called for him to come in. In a moment the door opened and a stranger stepped into the room, leveled a revolver at the party and proceeded to rob them. From Mrs. Bliss he took diamonds valued at \$5000 including rings, pendants and earrings. From the men he took two watches worth \$100 and \$20 in money. From his pocket he then produced several rolls of baling wire and bound both men and women, gagging them with their own handkerchiefs. He then left the house, got into the Bliss' Essex automobile which was standing in front of the house and disappeared.

### Veteran Bureau in New England Is on Probation

(BY A. P. NIGHT WIRE)  
BOSTON, Jan. 10.—Col. Charles R. Forbes, national director of the United States Veterans' Bureau, returned to Washington tonight after cleaning up what he had characterized as the "petty politics" of the New England headquarters. The effect of his cleanup of the past week into charges of intimidation, disloyalty and graft was to declare no one guilty, but to make certain changes, among which is one that the bureau under temporary organization be placed on probation for a month with word that must pass inspection by Col. Forbes at the end of that time.

### OREGON FLOODS SUBSIDE

Willamette River and Tributaries Have Passed Crest; Rail Damage Being Repaired  
(EXCLUSIVE DISPATCH)  
PORTLAND, Jan. 10.—Although great areas of the Willamette Valley are still flooded, relief from serious high water conditions is in sight. Tributaries of the Willamette are falling rapidly and the Willamette itself has passed the crest. The situation throughout Western Oregon is still serious. Arrivals on Southern Pacific trains tell of traveling for many miles through districts in which little but water can be seen and where scores of farm houses and barns are awash. In Oregon City and other valleys towns hundreds are still homeless and industries generally are shut down. Unless unforeseen conditions arise, such as heavy rains in the mountains, said Weather Forecaster Wils, "the river will continue to fall. When the gauge showed 25.3 feet at Portland shortly before midnight Tuesday, the crest of the flood was with the river. By tomorrow it will have subsided to twenty-two feet and on Friday it will approximate twenty feet. Official estimates of damage to Southern Pacific lines, which bore the brunt of the flood, are placed at \$150,000 to \$200,000. Even in its retreat, however, the flood exacted payment in Portland Harbor. Early today the gas tugboat Echo, unable to turn in the heavy current with sufficient speed

### Man Killed in Well Blast

(BY A. P. NIGHT WIRE)  
TAMPA, Jan. 10.—By the explosion of flowing well No. 6 of the Honolulu lease this evening, Charles McFarland, 40 years old, was instantly killed. Jack Wilson and J. Kruger were seriously injured, while Ben White, R. M. O'Dell, H. Wegis, O. L. Melton and L. E. Clutter were slightly injured. The men were engaged in redrilling the well and the presumption is that they struck a gas pocket, which exploded, caught fire through short circuiting.

### Seeks Missing Fiance

Fear that he has met foul play caused Miss Eve Linnenth last night to request a police search for her fiance, Harry P. Davis, mineralogist, 46 years of age, of 1199 West Ninth street. Miss Linnenth stated that she had last seen Davis on Sunday night. He told her then that he was going with two men to examine soil near Hollywood and would telephone her early Monday afternoon. Not having heard from him and having been unable to locate him, she fears that he may have met with foul play.

### BRING BACK FOSSILS OF MONGOLIA

(EXCLUSIVE DISPATCH)  
NEW YORK, Jan. 10.—A remarkable set of fossils, which has arrived at the American Museum of Natural History from the third Asiatic expedition, definitely prove, according to President Henry Fairfield Osborn, that a broad land connection once existed between North America and Asia and that gigantic dinosaurs and mammals of various types, wandered to and fro between the two continents. Some of the remains which have arrived from Mongolia have been identified as those of the Titanotheres which existed in Utah and Montana a few million years ago. Other known inhabitants of the western United States have been identified in Mongolia. In spite of the distance of about 10,000 miles separating them, these two parts of the world were the home of similar types of dinosaurs, the bulk of opinion among the American forces from becoming entangled in any complication

### ORDERING HOME OF RHINELAND TROOPS SHOWS DISAPPROVAL

(BY A. P. NIGHT WIRE)  
WASHINGTON, Jan. 10.—American troops were ordered home from the Rhine today with every indication that the administration's purpose was to emphasize its disapproval of the French reparations program. They are expected to be back in the United States by February 5. Official explanation of the withdrawal order, issued immediately after a morning conference between President Harding and Secretaries Hughes and Weeks, was confined to the statement that the President deemed it expedient at this time. There were intimations which the State Department gave him preliminary instructions to prepare for withdrawal while orders were being issued for the transport of the troops to the Rhine, either at Hamburg or Bremen, as Gen. Allen elicited. Actual movement of the troops from Coblenz, it was said, would begin just in time for them to embark directly from trains. The only American units left behind will be detachments to complete disposition of stores and property not brought home, and those in charge of graves registration activities. Some of Gen. Allen's staff officers will come by passenger ships, as the St. Mihiel cannot accommodate all.

### GERMAN ENVOYS RECALLED

Ambassador to France and Minister to Belgium Ordered Home; People United  
(BY CABLE AND ASSOCIATED PRESS)  
BERLIN, Jan. 10.—The German government lost no time tonight in arriving at an interpretation of the French and Belgian notes, and the recall of Dr. Wilhelm Mayer, the Ambassador to France, and Dr. Lamsberg, Minister to Belgium, represents the first counter-action to French occupation of the Ruhr. Chancellor Cuno and Foreign Minister Rosenbergs had a conference with the members of the Reichstag's Foreign Relations Committee, lasting three hours, but only a brief resume of their confidential discussions was issued tonight. SILENT ON RECALL Word that President Harding had recalled the American troops reached the Chancellor during this conference, but the question was not referred to in connection with the committee's deliberations. Official quarters thus far have declined to discuss the significance of the American step. While a few political leaders interpret it as a "moral reproach" to France, the bulk of opinion among the Reichstag was inclined to believe that the President's action was hastened by a desire to prevent the American forces from becoming entangled in any complication

# SANTA MONICA

INVALUABLE TO LOS ANGELES

Los Angeles county has many mountains, but there is only one place where the mountains meet the sea. There are many beautiful sunsets, but only one place to see the glory of a Santa Monica marine sunset framed with mountains. There are many places on the Pacific Ocean, but there is only one Santa Monica Bay. There are many coast lines, but there is only one Crescent Coast. There are many outlooks, but there is only one Palisades. There are many canyons, but only one place where the canyons run down to the sea. There are many beautiful spots, playing many beautiful parts, but there is only one place where all these parts are assembled together in one grand symphony. There are many fine streets, but there is only one Ocean Avenue. There are many seashores, but there is only one Palisades Park. There are many interesting drives, but there can be only one "Skyline Drive" (on the crest of the mountains, overlooking valleys, cities and ocean, from Griffith Park to Santa Monica.) There are many fine boulevards, but there will be only one "Archway" (the monumental development of Wilshire Boulevard to the sea at Santa Monica.) There are many doors to Los Angeles, but there is only one front door. There are many beaches, but only one that is nearest to the center of the city and still nearer to its high-class residence sections. There are many bathing beaches, but there is only one of the length, breadth and magnificence of the one on Santa Monica Bay. There are places where it is pleasant in winter and places where it is pleasant in summer, but there is only one place where the climate is equable and near-perfect every day in the year. There are many material things, but here are spiritual things---there is only one Pacific Palisades, and one place where inspiration is unfolded as at Santa Monica. There are many places to play, but there is one place which was selected by the Uplifters Club after a five years search. There are many towns that "just grew," but there is one with a real blue blood pedigree---a great man saw the wonders of Santa Monica from afar, built his home here, and then laid out a city in royal fashion, with wide streets fit for its inevitable future. Los Angeles county has many places to visit, but there is one place which the most people wish eventually to adopt as home. California has many glories, but only one Santa Monica. See it, learn to love it and to be active in its preservation and improvement for the good of the future greatest city in the world and the millions of people who will visit it through all the years to come.

## LEWIS IN WIN OVER TOFALOS

Champion Defends Title  
at Hollywood Before Big  
Crowd; London Victor

Ed (Strangler) Lewis, world's  
heavyweight wrestling champion,  
defended his title by throwing  
Demetrius Tofalos, Greek champ,  
twice in their match last night at  
the Hollywood American Legion  
stadium. About 7000 people, the  
largest crowd ever to see a wrest-  
ling match in Los Angeles, turned  
out to see the grapplers and were  
treated to some fancy exhibitions  
of mat work.

Tofalos started out in good shape  
and before the match had gone  
fifteen minutes he had clapped  
wicked toe-hold on the champion.  
After quite a struggle Lewis broke  
the hold. However, it looked as if  
Tofalos was about to secure a fall  
for a while. Lewis secured the first  
fall with a headlock in thirty min-  
utes.

After a short intermission the  
wrestlers returned and Tofalos  
again took the offensive. The  
Greek grappler secured another  
toe-hold on Lewis and only sheer  
strength pulled Lewis out of dan-  
ger. Lewis secured the final fall  
in 3 minutes and 30 seconds with  
a combination croch and head-  
lock.

In the one-hour preliminary  
match between Angelo Taraman-  
ski and Jim London, the latter  
won in two straight falls. The  
first came after forty-seven min-  
utes' wrestling and was brought  
about by a succession of head-  
locks, which weakened Taraman-  
ski so he was easy for the final  
cranium crush. The second fall  
went to London with an arm-  
and-wrist lock after thirteen min-  
utes.

The Jujutsu match between R.  
Ikuta of Waseda University, and  
M. Nita of the University of  
Southern California, was a draw.  
The two put up a hot battle and it  
was enjoyed by the fans.

# Why Amble Clear to New York When You Can See 'Em Here

Exact Duplicates of the New York Auto Show Cars on View in Los Angeles

When a guy goes to the trouble of having a flock of replicas made of all the cars shown by his firm in the New York annual automobile show, it is quite right and proper that there should be a rush of citizens to view same. And there has been a steady parade of people in and out of the Paul G. Hoffman salesrooms this week to see the new Studabakers.

## M'GRAW STARTS EARLY

Batting Left-handed Learned to Hit Into Left Field;  
First Professional Days With Olean

"MY THIRTY YEARS IN BASEBALL"  
ARTICLE VI  
BY JOHN J. M'GRAW,  
(Manager of New York Giants, World Champions 1921-22)  
(Copyright, 1922, by Christy Walsh Syndicate)

I got my first idea of learning to place hits when I was 16 years old, the idea being forced upon me through a lack of small change. Fifteen cents in those days was a lot of money. At the time there was no way of my knowing that I was building up the most valuable asset that any left-handed hitter could possess. My idea was purely commercial.

I was playing on the school team at Truxton, N. Y., where I was born. Always I was a left-handed hitter. The open lot on which we played was bounded on the right-hand side by a schoolhouse with many windows. In right center field there was a church. As a left-handed hitter naturally hits into right field, I broke several window panes. In addition to several threatened thrashings my father had to pay 15 cents for each pane of glass broken. Other fathers in our town had to do likewise. Mighty few boys in that time, or in our set, ever had that much spending money at one time.

To avoid this wrath of my old dad and to save as many 15 cents as possible, I studied how to change my position at bat so as to hit the ball into left field. In time I got to where I could hit in that direction just as well as into right.

The mastery of that art of hitting into either field while a boy is responsible, I think, for my batting and run-getting record in the major leagues. Often I have wished that I could devise some compulsory method to make our present left-handed hitters shift from one field to the other.

You can easily understand, for instance, what confusion Babe Ruth would cause the opposing outfield if he could bat either way. They would never know where to play for him. This ability to shift is also invaluable in working the hit and run play. Willie Keeler had the art down pat. You can readily understand, therefore, why he and I worked the hit and run play so successfully for years on the old Baltimore club. But I am getting a little ahead of my story.

STARTS AS PITCHER  
I started out as a pitcher. This I serve as an answer to many who have asked why I always made pitching my life study.

During the world's series, one baseball writer quoted Bill Donovan as saying: "McGraw turned out to be the best pitcher in the series."

In a message to practically every minor league, President Tanager Udell, president of the National Association, urged them to call on Mike Setton, president of the minor league associations, to take steps in defense of the minors. President Tanager said he had knowledge that Commissioner Landis' defense of the majors was based on the fact that the National Association conceding the right to the right to draft players. During the present year, the National Association having their violation of the present year agreement to the major-minor agreement at this meeting.

## SCHEDULES FOR CITRUS ARE READY

League Casaba Teams  
Trim for Action as Basket-  
ball Season Opens

(EXCLUSIVE DISPATCH)  
RIVERSIDE, Jan. 10.—With every school in the league representing, officials of the Citrus belt league met at Chaffey High School, the main item of contention being the fate of Pomona High School's basketball team, which has arbitrarily refused to play out its schedule in the league.

During the summer months up at Truxton I worked as butch boy on the accommodation train. I sold glass pistols filled with candy, magazines, bananas, chewing gum, all the things that the butch boys still handle out in the sticks. I was one of the smallest butch boys you ever saw. I didn't weigh more than 105 pounds.

SCOOP AT CURVE  
In those days people scoffed at the idea of anybody making a baseball career. It was but a few years ago, in fact, that many skeptics were really convinced.

In the smoking car, where I kept my stuff, there were many conversations and arguments about baseball. Very few believed that anybody could pitch a curve.

"What are you talking about?" said a man from my town to his companion, "there," he pointed at me—"is a little fellow who can pitch a curve."

"Bet you 100 he can't," the other came back. "At least, he can't prove it to me."

"I'd like to take a dollar of that myself," I chimed in. I was pretty fresh in those days.

WARM ARGUMENT  
The argument grew warmer and warmer until the money was finally put up. The conductor in the meantime had come along and got in the "I'll put up three stakes, twenty feet apart," I suggested, "and I will stand at one end of the row, the catcher at the other. I'll pitch an outcurve that will go inside one stake and outside the other. The ball didn't break more than four inches to do this. I could easily put an eight-inch bend on it in sixty feet."

BACKER WINS  
Well, my backer won the 100 and gave me 100 of it. The other man (Continued on Second Page)

## HUGE TOURNEY SUNDAY

Biggest Tennis Play Ever Seen in Crown City Will  
Be Staged This Week-End

What will undoubtedly be the largest tournament ever held in Pasadena will commence Saturday, January 20, and wind up Sunday, January 21. The event will be held on the courts of the Pasadena Tennis Club on West Colorado street.

Many of Southern California's leading tennis stars will participate in the event for the beautiful trophies which will be donated by the Pasadena Club. The tournament will be strictly an invitation affair and will be limited to entries.

LIVE OAKS TO PLAY  
The Live Oaks Tennis Club of South Pasadena, the Valley Hunt Club of Pasadena, the Dos Robles Club of Alhambra, the Whittier Tennis Club of Whittier and the Monrovia Tennis Club have all been extended invitations to enter as many of their club members in the tourney as they desire.

There will be two events, singles and doubles and there will be no events for women. The tournament of the Citrus belt decision to play outside of the league was referred to the California Inter-scholastic Federation for a ruling. According to the new schedule, Riverside will play its first game with Chaffey High School at Chaffey next Friday afternoon. The remainder of the schedule is as follows:

January 19—Riverside at San Bernardino, Chaffey at Redlands, January 20—San Bernardino at Chaffey, Redlands at Riverside, February 2, San Bernardino at Redlands, Chaffey at Riverside, February 9, Redlands at Chaffey, San Bernardino at Riverside, February 17, Riverside at Redlands, Chaffey at San Bernardino, Chaffey and Riverside have not yet been seen in action. Information received here is to the effect that there is a ruling of the Citrus belt league that once a school in the league starts a schedule, and then drops out it must either disband its team, or continue the schedule. The subject of contention now is what to do with a school that refuses to play without starting its schedule. This is what the league officials have left for the C. I. F. to decide.

Although a tennis schedule will not be made until the next meeting of the league officials, tentative plans were outlined for the commencement of the season. In accordance with rulings passed at the meeting, dual meets will be held this year instead of the old San Bernardino of Riverside through a tournament meeting. The boys single match will be the first item on the program and then will come the girls' single matches, each sex being represented with a first and second best representative. The winner of the boys and girls first team singles will be credited with five points and the second best winners will add three points to the final score for their schools.

Then will come the boys doubles and then the girls' doubles, the winners of each event capturing four points. The winners of the mixed doubles, last on the program, will be allowed three points. This method eliminates all chances of a tie, as the number of points in the totals cannot be even. Representative Hall of Chaffey High School was appointed to arrange a schedule which is to be presented at the next meeting of the league officials for adoption or rejection.

ICE CREAM FIVE WINS  
The Globe Ice Cream team was in great form Tuesday night, when it played its tenth-round match in the major league with the Joe's Cafe men at the Anselmus Academy, winning three straight games. Backovich was hitting the pins a mile a minute, scoring 667 for the three games.

## "BIG FOUR" WILL PLAY HERE SOON

Santa Barbara to be Host  
to Golf-Boys

Two Courses Are Employed  
in Contests

\$1000 Purse Goes to Men  
Win or Lose

Next Sunday, at Santa Barbara, the Big Four of golf will shine up their clubs and get into action. Gene Sarason and Jack Hutchison will take on Walter Hagen and Joe Kirkwood in a big thirty-hole match. The first eighteen holes will be played over the beautiful Montecito course while the second and afternoon struggle will take place on the new La Cumbre links. These new links are in perfect condition and many have expressed the opinion that this course is one of the finest in the country.

A special purse has been arranged by local sportsmen for \$1000, \$500 to the winners, the remainder, \$250, to the losers. This little amount on the side makes the games much more interesting to the players and is a sure incentive for good play.

With perfect conditions as far as the courses are concerned and with four of the greatest golfers on the hard a large crowd is expected to attend the affair from all parts of the country.

AT GRIFFITH PARK  
The choice score-tournament which started at the Griffith Park course September 1, and which closed on December 21, came off with the following results, all for first, second, third, fourth and sixth places. The scores were as follows:

George Gayer ..... 2 3 52  
Glen White ..... 2 3 52  
H. H. Hagan ..... 2 3 52  
H. H. Hagan ..... 2 3 52  
H. H. Hagan ..... 2 3 52  
H. H. Hagan ..... 2 3 52

These ties will be played off on Sunday. A special thirty-hole medal play for a special prize offered by J. A. Patterson was copied by R. Wilkinson for making the greatest number of two during the above tournament.

In the women's golfing tournament the following were the results:

Mrs. F. M. New ..... 2 3 52  
Mrs. H. Hagan ..... 2 3 52  
Mrs. D. H. Hagan ..... 2 3 52  
Mrs. D. H. Hagan ..... 2 3 52  
Mrs. D. H. Hagan ..... 2 3 52  
Mrs. D. H. Hagan ..... 2 3 52

Two high-powered tourneys have been lined up for this week. Today the first round of the national golf trophy tournament will start at the Griffith Park course. On Saturday and Sunday at this course a mixed foursome tournament will be played off. These mixed affairs are very popular with the municipal players and a large entry list has been scheduled already. Plans are under way to handle a large crowd.

OPEN CHAMPIONSHIPS  
With but a few weeks ahead the golfing world before the South-eastern tournament, which is expected to start, everybody is speculating as to who will come out on top of the heap.

Among those who will figure at the summit is one Fred Wright, amateur at Flintbridge, where the play will come off. Wright in a recent match at San Francisco came out ninth in a tournament where all the pros and amateurs were represented. With Wright on his home field he stands a fine chance of stepping away from the field.

### Guaranteed Used DORTS

WE specialize in Used DORTS and every one of the twenty in our showroom carries with it a 30-day guarantee.

Why buy a cheap car when you can buy a Guaranteed Good DORT at our low prices?

Extremely liberal Terms and a Small Payment Down enable you to own a reliable used car now.

Whitman Building Corporation

Walla Walla, Washington  
6%  
First (Closed) Mortgage and Collateral Trust  
Serial Gold Bonds

First February 1, 1923. Due Serially 1924 to 1943  
These bonds will be issued in denominations of \$1000, \$500 and \$100. Bonds Redeemable in multiples of \$5000  
to insure numerical order on any interest date and on  
the February 1, 1924, on sixty days' notice at 102 and  
annual interest.

Whitman College: This co-educational  
institution located at Walla Walla, Washington, was founded in 1863 and re-  
ceived a charter from Territory of Washington in 1883. Its  
growth has made necessary larger housing accommoda-  
tions for students now enrolled.

Security: Bonds will be direct obligation of the  
Whitman Building Corporation, physically  
secured by closed first mortgage on lands, a new  
dwelling and a central heating plant, collateral-  
ly secured by unconditional assignment to trustees for the  
holders of an irrevocable twenty-year lease of dormi-  
tory and heating plant, executed by Board of Trustees of  
Whitman College. Adequate insurance will be maintained  
during the life of these bonds.

Financial: Statement as of July 31, 1922, pre-  
pared by Smith, Robertson & Co.,  
Certified Public Accountants, shows ownership of build-  
ings, land and equipment valued at \$427,603, together with  
an estimated fund in amount of \$251,227. Total net  
worth \$1,138,096, or over nine times amount of this loan.

Legal: All legal details to be approved for  
Carstens & Farles, Incorporated, by  
R. H. Gurnea, Attorney, Seattle, Washington, and  
Grove & Grove, Attorneys, Walla Walla, Wash-  
ington, for Whitman Building Corporation, and for the Board  
of Trustees of Whitman College.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 10.—Pres-  
ident Harding's order for the with-  
drawal of American troops from  
Germany caused a flurry of specu-  
lative selling which carried a  
number of issues down 1 to 2 points  
in today's stock market, but these  
offerings were well absorbed, and the  
market eventually turned up-  
ward under the stimulus of higher  
foreign exchanges, lower call money  
rates and aggressive buying of  
special stocks. While the unsettled  
foreign situation continues to ex-  
ert a restraining effect on the vol-  
ume of business and large foreign  
traders taking their cue from the  
strength and steadiness of foreign  
exchanges, seem inclined to take  
a hopeful view of European con-  
ditions. Demand, sterling was  
quoted today at \$4.66, an advance  
of more than 1 cent over yester-  
day's ruling rate, while French  
franc moved up nearly 20 points  
to 6.91 cents. The Italian lira  
got back to the 8-cent mark and  
Belgian franc advanced 22 points  
to 3.55. Even the German mark  
rallied to 96-100ths of a cent  
hundred from its extreme low of  
92-100ths of a cent.

Baldwin and Studebaker, each  
of which reacted sharply on selling  
pressure rallied briskly and closed  
the day at a net gain of 1-5 re-  
spectively. Buying of Baldwin was  
influenced by the receipt of an order  
for 100 locomotives to be built at the  
Pennsylvania Railroad. U. S. Steel  
common and most of the inde-  
pendent issues closed at slight  
fractional gains in unfiled orders for  
December. Weekly trade reviews  
continue optimistic, showing a  
hardening price tendency.

California Petroleum was one of  
the day's features, successfully  
resisting the early selling pressure  
by climbing to 76 1/2, the highest  
price in ten years. It closed at 76,  
a net gain of 2 1/2 points. Buying  
on the part of new investors in held  
responsible for the recent strength  
of this stock. Some good gains al-  
so were recorded among oil stocks.  
Associated Petroleum, 6 1/2 points  
and Pan-American B. Pacific,  
Houston, Royal Dutch and Cosden  
rose 1 to 2 1/2 points, the last  
named touching 4 1/2, another new  
high on the present bull movement.  
General Asphalt common and pre-  
ferred were weak.

Specialties took a prominent part  
in the late advance. Postum Cereal  
advancing 7 1/2 points on the day.  
Beckmant moving up 5 1/2 on specu-  
lative expectation of a further in-  
crease in dividends and Nash  
motors rising 6 points on the an-  
nouncement that dividends at the  
rate of \$12 had been declared on  
the new stock. Among the other  
conspicuous strong spots were Al-  
American Cables, U. S. Realty,  
Crescent Electric, and Tidewater Oil,  
all up 3 to 4 points.

Chicago Pneumatic Tool, Dela-  
ware and Hudson and General  
Electric were among the active is-  
sues to show acute weakness, the  
latter being about 2 points each.  
Lake Erie and Western preferred,  
brokers nearly 5 points on a small  
turnover.

Call money opened at 4 1/2 per  
cent, eased off to 4 1/4 within an  
hour, and thence to 4, where it  
closed. Time money was quoted at  
4 per cent bid and 4 1/4 asked, with  
loans arranged at both rates. Com-  
mercial paper rates continued easy,  
the bulk of the houses being done  
on a 4 1/4 per cent basis.

Day's total sales 722,000 shares.  
Twenty industrials averaged 51.29;  
net gain .46. High 1922, 108.41;  
low 78.69. Twenty railroads aver-  
aged 84.85. Net loss .11. High  
1922, 93.99; low 75.13.

Total	\$60,552,518		
Average gross value of crops per acre	\$146.00		

Population, 50,000

Imperial is the largest irrigation district in California. About 413,000 acres in the  
District are under intensive cultivation, and its products are marketed throughout practi-  
cally the entire year. Climatic advantages coupled with a cheap water supply make Im-  
perial one of the most prosperous agricultural communities in California.

The bonds are a direct obligation of the Imperial Irrigation District; payable out of  
annual assessments levied and collected under the same authority as taxes; and are secured  
by a tax lien, ranking ahead of first mortgages on all land in the District.

The Imperial Irrigation District land and improvements are worth approximately 6  
times the bonded debt against it, and its average annual production per acre is over 10  
times the annual charge per acre for water, bond interest, maintenance and retirement of  
bonds.

Legality approved by Messrs. Goodfellow, Ellis, Moore and Orrick, San Francisco.

DAILY TALK ON TRADE GIVEN

(Continued from Tenth Page)

railroads to supply the cars for  
which the agricultural communi-  
ties vainly pleaded. The plantings  
of winter wheat, although 1,500,000  
acres less than the revised esti-  
mates of such plantings last year,  
exceed the average sowings for the  
last ten years by 4,500,000 acres.

MONEY OUTLOOK  
Concerning the money outlook  
for the year the National City  
Bank of Chicago, in its current re-  
view, says that present conditions  
are favorable for relatively easy  
interest rates for some time to  
come. The strength of the Federal  
reserve system, together with the  
splendid showing by the member  
banks, has made it easy to pro-  
vide for the engagements con-  
nected with the year-end financial  
settlement. Recent negotiations  
suggest that large applications for  
loans and credits of both home and  
foreign origin, will have to be con-  
sidered during the next few  
months. Important financing for  
the account of foreign govern-  
ments and municipalities may be  
undertaken before long. There is  
still a large potential demand for  
investments and indications are  
that both institutional and pri-  
vate investors will probably con-  
tinue to absorb large security of-  
ferings. The year just closed was  
in many respects a banner invest-  
ment year and with the movement  
to start various enterprises, it is  
probable that 1923 will rank high  
in new financing. The United  
States government will figure  
prominently in the money market  
and the treasury will attempt fur-  
ther long-term financing. In ad-  
dition, there are numerous de-  
mands to be financed in connec-  
tion with the reorganization and  
re-equipment of railroads as well  
as the expansion of productive fa-  
cilities in various industrial lines.

PUTS & CALLS

TRADERS AND SPECULATORS  
—If you are short at these prices  
buy Calls now for protection. The  
European war situation will not  
affect the market adversely, it is  
at least for the present. Remember,  
when the great Railroad strike  
last place stocks sold up. Christ-  
mas Holidays did not hold the  
market down. We believe that  
another bull move is about to take  
place.  
Phone, write, or call for booklet,  
"Puts and Calls"—it tells what  
they are, how they operate, etc.

Prompt attention to mail orders.

# BOND QUOTATIONS

## ST. PAUL'S DECLINE

(BY A. K. WIRE.)

NEW YORK, Jan. 10.—Further recovery of French bonds and renewed weakness of the St. Paul were the outstanding developments in today's irregular bond dealings.

Strength of the foreign exchanges undisturbedly stimulated the buying of European securities.

United Kingdom of Great Britain 5 1/2 per cent. high record of 11 1/2 established last December and gains of 1 to 1 1/2 points were registered by French 5 1/2 per cent. bonds.

There was no apparent reason for the further decline of St. Paul, although weakness of the general list was ascribed in some quarters to the competition provided by the flood of new securities that have been put on the market since the first of the year.

St. Paul's decline suffered an extreme decline of 3 5/8 points, while the 4s of 1925, the debenture and the convertible 4 1/2 lost 1 to 1 1/4.

Other weak spots in the railroad list were Frisco 5s, Norfolk and Western 4s, Atlantic Coast Line 4s, and Seaboard Air Line 4s.

International Air Line 4s, however, made up for its loss while Seaboard convertible 4s made up for half of an extreme loss of 2 points.

The few bright spots were New York, Watchtower and London 4 1/2s, Toledo, St. Paul and Western 4s, Rio Grande refunding 4s and Erie convertible 4s, all up 1 to 1 1/4 points.

Merger continues to have a favorable effect on Chile Copper 7 1/2s, which added another point today, being forced into higher ground by Cerro de Pasco 8s, Deutch 8s and an extreme loss of 2 points.

The few bright spots were New York, Watchtower and London 4 1/2s, Toledo, St. Paul and Western 4s, Rio Grande refunding 4s and Erie convertible 4s, all up 1 to 1 1/4 points.

United States government first 4 1/4 per cent. bonds gained 1 cent and the new 4 1/4s were unchanged, the other active issues showing losses of 2 to 5 cents.

Total sales (par value) were \$13,992,000.

Public offerings will be made tomorrow of a \$25,000,000 issue of Bell Telephone Company of Pennsylvania twenty-five year 5 per cent. of the first refunding mortgage bonds, callable at par and interest after July 1, 1943.

The price is 98 1/2 to yield slightly more than 5.15 per cent. Bankers and financial problems involved in the desire of the Anaconda Copper Company to refund its outstanding mortgages, not all of which are callable, in order to provide for a large bond issue, estimated as high as \$10,000,000 to finance the purchase of the Greenstein interest in Chile at \$25 a share is holding up the proposed merger of those companies.

The financial condition of the company, however, is strong and the new bonds will be offered under par with a 6 per cent. coupon.

There were several new offerings today, the largest of which was the \$25,000,000 issue of first mortgage twenty-year 5 per cent. gold bonds of the Spring Valley Water Company of San Francisco, which were put out to yield 5.13 per cent. The next largest was a \$10,000,000 issue of 5 per cent. serial gold bonds of the City of Toronto, at 98 1/2 to yield 5.20 to 5.10 per cent. according to maturity.

NEW YORK, Jan. 10.—Following are the closing quotations on the New York Stock Exchange.

# SPECIAL VALUE \$2.95 CORSETS

A very special price on odds and ends. All high value corsets of discontinued models. Not all sizes in all models but a range of sizes 22 to 30.

Meyer Siegel & Co.  
617-619 S. Broadway

# VOGUE COMPANY

## New Arrivals in Hand Made Blouses

Showing the Latest Tendencies of Collar, Cuff and Neck Line.

# 2 GREAT BOULEVARDS make Westwood

The Big Profit Opportunity of Today

FOUR YEARS AGO, old-time residents could have purchased a choice residence lot close to the big boulevards for \$750. Today these same lots are scarce at \$2500. Four years from now \$1000 lots will undoubtedly be worth three or four times what they are today.

At the present low prices of Westwood lots—New Arrivals in Los Angeles Are Quickly Snapping Up These Homesites. They realize, better than all others, that the flood of newcomers means a continuous, ever-increasing rush for homes and homesites and a correspondingly steady increase in values and prices.

## AN EXCEPTIONAL DEMAND FOR WESTWOOD HOMESITES CONTINUES DAILY

From **\$950** On Easy Terms

At these low prices you can buy large scenic lots close to the most exclusive built-up districts in Los Angeles—

### BETWEEN 2 BIG PROFIT-MAKING HIGHWAYS—SANTA MONICA and PICO BOULEVARDS

Prices include street work, cement sidewalks and curbs, gas, water and electricity. When these improvements, now under way, are completed—watch values increase and prices jump.

You Cannot Buy Too Soon in Westwood

DRIVE OUT TODAY—See the high-class development work and dozens of new homes nearing completion.

HOW TO GO: Drive out Wilshire Boulevard and turn onto Santa Monica Boulevard at Speedway; or drive out Santa Monica or Pico Boulevards direct to property. Santa Monica can be reached from Hill Street Depot direct to property. Get off at WOLFSEIL STATION.

## Something to think about

When lying awake at night, stop counting imaginary sheep and think what is probably the cause of your sleeplessness.

Both coffee and tea contain a drug element that irritates a sensitive nervous system, often causing restless nights and drowsy, irritable days.

A delicious, hot cup of Postum contains nothing that can deprive you of restful sleep

at night, or hamper your days. But it does supply all the warmth, comfort and satisfaction that can be desired in the mealtime beverage.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

## Postum FOR HEALTH

"There's a Reason"

Made by Postum Cereal Company, Incorporated  
Battle Creek, Michigan

## Program Par Excellence for KHJ Listeners Today

## K-H-J The Times

### TODAY'S PROGRAM

12:30 to 1:15 p.m. Alma E. Urquhart, contralto, accompanied by Walter A. Linsdell, will sing: "When You Come Home," by Squire; "My Dear Soul," by Sanderson; "By the Waters of Minnetonka," by Linsdell; "Lonesome, That's All," by Bradley and Roberts; "Dick Kennedy, accordion soloist, will play: "Repass Band March," "Swanee River Moon," waltz, and "Ten Baby Fingers and Ten Baby Toes." News items.

1:45 to 2:30 p.m. Stoddard Florence Coombes, child reader, artist pupil of Marshall Stedman, will recite: "The Town Called 'Success,'" and "Green Cheese," both by Marshall Stedman. Bedtime story.

2:30 to 3:15 p.m. Evelyn Lane, soprano, accompanied by Ruth Bressman Payette, will sing: "Pale Moon," by Logan—duet obligato by William E. Mullinger; "Knowst Thou Not That Fair Land?" from "Mignon," by Thomas—duet obligato by William E. Mullinger; "Songs My Mother Taught Me," by Dvorak; "Spring's a Lovely Lady," by W. Keith Elliott; William E. Mullinger, flute soloist, accompanied by Ruth Bressman Payette, will play: "Scherzo Capriccioso," by Schmitt; "Andalous," by Pearsall; "Nocturne, Op. 9, No. 2," by Chopin; "Lola du Bal," by Giliat; "At Dawning," by Cadman; Elsa Matthews, reader, will recite "Little Boy Blue," by Nevin; "Story in a Spinning Room," by Ella Roper Landes; Dr. Eugene Francis Stork, lecturer, will talk on "The Will and the Way." Miltona Moore, pianist, will play: "Polonaise C Sharp Minor," by Chopin; "Waltz D Flat," by Chopin, and "Waltz E Sharp Minor," by Chopin. News items.

## OLD FRIENDS ON PROGRAM

Radio Listeners-in Have Pleasant Evening With Artists Whom KHJ Had Featured Previously

Stringed music, lyric soprano solos and readings formed the major portion of last night's broadcast from KHJ. Some weeks ago The Times broadcast the artistry of the Los Angeles Zither, Mandolin and Violin Club, and so insistent has been the demand for more of this kind of music that KHJ gave them a large part in last night's concert bill.

Glady Blackwell Pickering, who was one of those who dedicated KHJ early in November again delighted her many admirers in radioland last night with three solos sung to the able accompaniment of Ruth Bressman Payette.

Mrs. Pickering chose as her selections, "From the Land of the Sky Blue Water," by Charles Wakefield Cadman, "Give Me All of You," by Schwartzwald, and "In a Little Pond Nearby," by Florence Turner Maley. Possessed of a voice in the lyric qualities are superb, Mrs. Pickering gives an individuality to her songs which earns the unqualified approval of listeners-in.

Eunice Abernathy Downey, piano soloist, whose work is favorably acknowledged by Southland music lovers, and who has won many converts to her superb technique through the country during participation in KHJ concert programs, favored with "Ecclesiastes," by Beethoven-Busoni, "Rigaudon," by MacDowell, and "Alt Vica," by Godowsky.

Many, many requests have come to The Times Radio Department through the mail and by personal call and telephone, for "The Shooting of Dan McGrew," by Robert Service, and last night this classic poem was given graphically by Florence Crowne, dramatic reader who also favored with "Alderman Casey on Lawn Tennis," by Capwell. Miss Crowne's elocutionary art made of those two numbers refreshing bits in a program par excellence.

Anne Kavanaugh, dramatic reader who stands high in her profession, and who is giving a series of talks, one a week, on California authors, delighted listeners-in last night with a resume of the life of Rupert Hughes, following which she read excerpts from numerous of Mr. Hughes' writings.

The Los Angeles Zither, Violin and Mandolin Club, made up of A. S. Hobble, director, Harold Dearth, Joseph and Mary Stark, others, Agnes Stark, mandoline, Kathryn Steger, and Elsie Seyler, violin, put real melody into the air from KHJ when they gave numerous selections, among them being "Tourist March," by Burda, "Forget Me Not," by Harlan, "Hungarian Fantasia," by Houser, "Paraphrase of Silent Night," by Hobble, and "Schlitten Post Polka."

TWO VIOLIN SOLOS  
Two violin solos were interpreted by Kathryn Steger, accompanied by Mary Hiles, these being "Thine," by Massenet, and "Serenade," by Pienne.

In a sither duet by Harold Dearth and A. S. Hobble, "Hunter's Farewell," by Unklaf, was a welcome addition to the evening.

## the financial pledge back of Title Insurance and Trust Company trusteeship

Capital and Surplus  
**\$4,000,000.00**

## < four million dollars >

When a trust company accepts responsibility as executor or trustee it assumes, under the law, a line of obligation which has first claim on its resources.

Our capital and surplus of four million dollars is a pledge of the faithful execution of our duties as executors and trustees.

Whether the trust company is acting as executor or trustee, or both, the property of others which it handles is trust property. Such property is kept segregated. It cannot be used for anyone but the beneficiaries named in the will or trust. In no event can it be touched by creditors of the trust company.

Thus, by naming this company your executor or trustee, you surround your estate with the safeguard of financial responsibility.

A check for \$50 was received yesterday by the All-Year Club of Southern California from Sam S. Porter, owner of the San Diego Hotel at San Diego, as a contribution toward the club's 1923 advertising campaign.

In forwarding this check, Mr. Porter said that in his opinion, the campaign being waged on behalf of All Southern California by the All-Year Club was so notable that he felt it deserved fullest possible support from every section of the Southland. He wrote further:

"I am so thoroughly sold on community advertising that, with Los Angeles and its tributary country, in the national advertising field, I want to see you get the largest possible measure of suc-

## CLUB ELECTION FAVORED TOPIC

Women's Organizations Talk Over Politics

Presidential Possibilities Under Discussion

Changes in Constitution Are Being Considered

One of the 166 clubs in the Los Angeles District Federation elect officers at the beginning of the calendar year, and many such elections have been already noted in these columns.

As for the greater number, however, they are in the spring at the close of the club season. These events, however, far in the future, always attract interesting conversation, and on Monday at the annual reception of the Woman's City Club election talk was prevalent.

Mrs. William P. Cunningham, incumbent, will have served one term and undoubtedly will be a candidate to succeed herself. She has won many staunch admirers. On the contrary, her striking individuality and occasional unusual course of procedure as a presiding officer have won for her some disapproval, which is inevitable in one who sponsors along certain lines and is herself colorful in her personality.

Young and rather large coterie of women of great influence in this club have united to advance the candidacy of Mrs. John T. Coleman. The only thing that possibly could be urged against Mrs. Coleman is her youth, but she has gotten on that ground four years ago when she ran as an officer of the Los Angeles District Federation of Women's Clubs. Mrs. Coleman has been on the board of directors of

## Corns

Lift Off with Fingers

It hurts a bit! Drop a little "Pape's" on an itching corn, instantly that corn stops hurting, then shortly you lift it right off with your fingers. Truly!

You druggist sells a tiny bottle of "Pape's" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes—and the calluses, without soreness or irritation.

## INDIGESTION!!!

### STOMACH UPSET, ATE TOO MUCH

Instantly! Stop Gas, Sourness, Heartburn, Stomach Misery

Clear a few pleasant, harmless, harmless "Pape's Diapepsin" and your distressed stomach will feel fine at once!

Correct your digestion and ease your stomach for a few cents. Don't let your stomach keep you miserable! Druggists recommend it.

## Engaged to Marry New York Man

Miss Edith Felin

The engagement of Miss Edith Felin of Germantown to Arthur B. Poole of New York was announced recently.

the club for several years, has served as vice-president and secretary and has been the most markedly successful chairman of membership in the club ever has had.

Mrs. E. K. Bralner has a strong backing for the presidency but she has stated in her usual generous way that since she has been in office once she has had her share and she is in favor of Mrs. Coleman's running for the office, stating that she herself will not compete.

There are several names of prominent women who cannot be said to be aspirants for the office of vice-president but their friends are seeking it for them. They are Mrs. Chester Ashley, Mrs. Max Copeland, Mrs. Helen Matthews, Mrs. John T. Coleman, Mrs. Dr. Guri Mellicham, Mrs. Christopher Gordon, Mrs. Homer J. Casaday and Mrs. Herman Krenslin.

An interesting attitude toward elections exists in the Friday Morning Club. There is a strong movement to change the constitution and bylaws so that those members of the board whose terms would expire may be continued in office. Mrs. A. S. Lobinger, against opposition and many other obstacles, has manifested her entire capability in directing the building of the magnificent clubhouse so that even those who opposed her election two years and three years ago are now desirous of seeing her continued in office. It is argued that no one can take up the intricate and unfamiliar work as chairman of the building committee and board of directors and carry it on as well as she who initiated it and has seen it thus far toward completion.

The situation in both these clubs will awaken much interest, as they involve departures from the beaten paths.

## SOCIETY

Visitors of unusual interest to Los Angeles are Mr. and Mrs. Charles Niell, formerly of this city, but for the last twelve years residents of Burmah, India, where Mr. Niell is associated with the British Burmah Oil Company.

Every three or four years they return to civilization for holiday after living on a "station" which boasts exactly 150 white people, but where fifteen Burmese servants are to be had for the price of one here and where, also, they are blessed with both electric light and gas and all the modern luxuries, owing to the oil fields.

Mrs. Niell is the cousin of Mrs. Charles L. Smith of 405 Van Ness avenue, who entertained with a welcoming party for her on Monday evening, with Mrs. Jackson Mitchell as co-hostess of the occasion. Other guests present were Mrs. Linda Scott, Mrs. Frederick Poor, Mrs. Robert Holmes, Mrs. E. E. Adams, Mrs. Frederick L. Hickok, Mrs. Rose Bryant, Mrs. G. J. Reynolds and Mrs. Harry Miner.

A delightful diversion of the evening was the showing of beautiful Burmese silks, lace, baskets and souvenirs which Mrs. Niell had brought for her hostess—the natives wear silk in Burmah instead of mere gingham.

The Niells came here via London and Paris. Mrs. Niell replenishing her wardrobe in Paris to the extent of five trunkloads of up-to-the-minute gowns and lingerie. They will be here for three months and numerous complimentary parties are planned in their honor.

**At the Writers' Club**  
Mr. and Mrs. Jesse Robins were hosts at dinner given at the Writers' Club in Hollywood on Tuesday evening at which Edward Everett Horton was guest of honor. Covers were laid for forty. The occasion was to celebrate the actor's advent into pictures and was followed by preview of the film just completed, entitled "A Front Page Story."

**Pretty Wedding**  
The home of Mr. and Mrs. S. S. Northington, 1433 South Van Ness avenue, was the scene of a pretty wedding at noon yesterday, when their sister, Miss Ethel Lucia Land, was married to Shamus O'Brien McFadden.

The ceremony was performed by Rev. Bob Shuler in an arbor formed of palms, cut flowers and adorned with cathedral candles. The bride's brother-in-law, J. W. Chapell, gave her away. Mrs. Chapell acting as matron of honor, and little Robert Northington carried the ring.

**J. G. Smith of Pasadena per-**

formed the office of best man and Mrs. George Myers provided the musical service.

The bride is a former resident of Virginia, where she is connected with several old families. The bridegroom is the son of the late Judge McFadden of Oregon. They will enjoy a motoring honeymoon and will later take up their residence in Portland, Or.

One of the numerous affairs given in their honor was that at which Mr. and Mrs. Chapell were hosts on Monday evening—a dinner at the Winter Garden.

**The Wells Club**  
Mrs. Max Piatti, for twenty years dean of Wells College, Aurora, N. Y., was the honored guest at a large reception given by the Wells Club of this city at the home of Mr. and Mrs. John Worrey, Jr., 639 South Mariposa street, Mrs. Piatti and her daughter, Mrs. S. M. Parks, are visiting Los Angeles.

**Announcement**  
The engagement of Miss Phyllis Lucille Clarke and Philip Kilborn Coe of Boston, Mass., was announced at a bridge tea party and linen shower given by Miss Blinn, 111 Johnston, 515 South Lihart Boulevard.

Miss Clarke is the daughter of Mr. and Mrs. F. H. Clarke, 680 South Westmoreland avenue, formerly of Pennsylvania. The wedding will take place February 1.

**Social Briefs**  
Mrs. Charles E. Durlin of Detroit has arrived in Los Angeles and will spend the remainder of the winter with her sister, Mrs. Alva L. Kitzelman of 509 South Hobart Boulevard.

Mrs. L. Chester of 881 South Hoover street has returned home from Europe, where she spent four months in the company of Mrs. Ruby Schmidt, touring through Holland and Germany. Mrs. Schmidt has again returned to Europe, where she will spend the winter as a physician and reside at The Hague.

Mrs. Lillian Burkhardt Goldsmith, who is expected to return to Los Angeles in about two weeks time, after her dramatic tour, will be complimented with a party to be given at the Sunset Canyon Country Club by Mrs. Frederick L. Hickok and Mrs. Rose Bryant.

Mr. and Mrs. Robert O'Donovan of Las Palmas avenue, Hollywood, have resumed their Sunday evenings at home.

**Answers to Correspondents**  
My dear Followers:  
When sending for material which we offer you, please remember to inclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must inclose 4 cents in stamps extra. Address me at the office. I shall repeat a little of what I said to that mother. The fatter you are, the thinner your milk gets. It is a very false idea that a mother has to eat so much that she gets fat during the nursing period. The equivalent of a quart of milk a day over the maintenance diet is sufficient to supply the added nutriment necessary to nurse the baby.

Mrs. A. C. E.—You say you have a hernia which needs an operation but your doctor says you cannot take an anesthetic. Sometimes this operation is done under a local anesthetic. In this day of expert anesthetists there are very few people who cannot take an anesthetic. However, you will have to be governed by your surgeon's advice on this and on your other questions. Best wishes for a speedy recovery and good health.

H. S.—We have an article or acne which you can have.

Interested Reader—If you are still a mouth breather after you have had colored adenoids and tonsils removed it is probably from habit. You might wear a bandage at night to keep your mouth shut. There is no reconstruction in your nose, is there?

That address of a clinic you can find by writing or telephoning your county medical society. They will tell you.

Tomorrow—J. I. I. I. Myself—Chapter XL.

## THE NEW

IN STORES AND HOMES

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS

By Olive Gray

**Up-to-Date!**  
In millinery, that department of new season dress most interesting at present, we find fine horsehair braids combined with unexpected materials. For instance, a large horsehair shape, in beige has the broad brim banded in chipmunk fur, the same odd trimming forming a band around the crown and shaping a big bow at the front. A hat, also, of broad brim, is of gray felt in a soft French weave, and this has a brim-trim of fruits or flowers or some strange never-never growth, fashioned from the felt and from taffeta silk, the felt forming a sort of foliage around the taffeta fruit. This does not describe the indescribable trimming. The indescribable is a main feature of the millinery now being for the first time disclosed, for the reason that the unusual even to the verge of the bizarre, characterizes many of the most exclusive chapeaux.

### Millinery First-Aid

First aid to the disabled winter wardrobe is in the selection of interesting millinery, or that prepared for advance showing at the spring season. With whatever dresses, cloaks or other wraps one may possess, if one combine a few new hats, one seems well in the advance guard of the season's attire. Understanding the irresistible appeal of new hats, the milliners are always ready, directly the rush of the holiday subsides, to present something new in the line of hats, showing in particularly striking and different. For one thing, larger shapes are to the fore. These are developed in the millinery, the millinist, and in many instances, brims are shorter at the back than in the front, as if caregivers to simulate the uneven hems, found on frocks and wraps. Trimmings are even more unusual than are the hats which they adorn. Much ribbon is used and used as never before. One way is to interweave with the strap over the crown, narrow ribbon in contrasting color. Another is to fringe out wide ribbons, in huge cascades of rainbow tints, posing them at the front or at one side of the front, upon shapes not quite so large as most. Hats, off-the-face are entirely faced with rows upon rows of narrow ribbons either in rainbow effect or carrying out a two-toned color scheme. Some of the larger shapes are untrimmed, save for the surface embroidery which takes on oriental coloring and for the facing in the crown, a rule which commingles the prevalent shades of the top embroidery. Immense cabochons, almost plaque-like in effect, form sole trimming to several shapes of fine straw or horsehair braids. These cabochons are formed from closely set beads in some striking color, centered by bouquets of fine flowers, forget-me-nots, or by a single pink rosebud. Of course, many of the plainer hats are self-trimmed, especially when intended to wear with the tailleur.

Butavia has come forth in many new shades, a striking novelty being in the new "brilliant" color, with sandalwood a close rival. This choice of new brown tones is in line with the forthcoming popularity of brown in its various developments, for dresses and wraps, during the spring and summer.

**Gladys Writes**  
Gladys writes from Paris that the many new colors in face makeup are quite perplexing to the amateur. She adds that she is sometimes at a loss as to whether she should apply "fascia

mauve" to the upper lids and "orange vermillion" to the ear-lobes or the reverse. Well, in case one-half the world adopts this multi-coloring in make-up, I suppose it will be some time before the other half is able to criticize, even though a mistake occurs.

### Bee-Hive Helmet

Among the new hats—hats being at present much to the fore in the minds of women—the "bee-hive helmet" is one of the most popular shades in close chapeaux. These are very becoming, if becoming at all, and are trimmed very simply, usually with a mere band and bows of either tulle ribbon in self-tone, or with folded bands of tulle in a shade a trifle lighter than the straw. Often this straw is batavia or milan in a fine weave.

### Scarves

Scarves simply will not take a back seat for the reason that they fill a want during that interval when the warmth of daytime and the chill of evening are intermingled. Fashion, taking note of this fact, has devised many new examples in the scarf line. Some come matched to the hat, which is usually, in this case, a small shape of the turban type. One seen recently at a smart local shop, was in the new sandalwood brown, the hat small, close and round in shape, and fashioned from chiffon with a mesh of straw in the brim. The scarf was of the chiffon and was enriched by large motifs in lawn lace in a creamy white, the same motif applied to the hat crown and splashing over the brim. The scarf was finished at each end with creamy wool yarn, done in double loops. The sandalwood was excellent and moreover, the usefulness of such a set was instantly obvious.

### Fashion's Foreboding

White silk handkerchiefs with brightly colored borders are used as drapery on white dresses.

Coats of dresses of white wool sponge for southern wear have bodies of cotton and to the hat, ragnan shoulders and vent back.

Sports coats for young women are cut like men's overcoats, with ragnan shoulders and vent back.

Narrow meshes or belts which tie at the sides are seen on frocks for resort wear.

Interesting new Paisley combinations are in delicate colors used with white.

Opalescent silks of brilliant hue make charming and very smart little toques.

To be exceedingly smart one should have three little flaring cuffs instead of one trailing back at the wrist from a tight sleeve.

One of the most novel and charming features of the new evening gowns is the jewel work used in combination with beads as decoration.

A new topos corset has no boning over the hips, but has the new corset to make the back straight and flat.

For midwinter sports wear is a small crushable hat of gray velvet tied about with a figured silk bandana.

Novel mesh bags are striped, combining deep red gold with green gold, for instance.

Quilted and all-over embroidered fabrics are in great demand for overblouses and jackets.

A smart turban made of many folds of brown velvet and Paisley shows eastern influence.

A filmy yoke of tucked black chiffon lightens the effect of a black satin chapeau.

A clip of black crepe marocain has a wide overkilt of black and white printed crepe de chine.

Crowns of satin are simply draped and without trimming. They are generally of strong colors.

**CLUB POSTPONES MEETING**  
Postponement of the regular meeting of the Sunset Canyon Country Club was announced last night after a meeting by T. J. Allen, secretary. The meeting which was scheduled for last night at the Walker Theater was changed to next Saturday afternoon at the clubhouse near Burbank.

**KELLOGG'S BRAN**  
gives permanent relief  
because it is ALL BRAN

With the most dangerous diseases close on the trail of sufferers from constipation, there's no time to waste on foods with a low bran content! The one answer to constipation is BRAN that is ALL BRAN! That's why you should eat Kellogg's—and eat it regularly; at least two table-spoonfuls daily; as much with each meal in chronic cases! KELLOGG'S BRAN IS SCIENTIFICALLY PREPARED TO RELIEVE SUFFERING HUMANITY AS NO OTHER FOOD CAN!

Don't delay a minute! Get started on Kellogg's Bran to-day and your health will steadily improve and bowel conditions return to normal, no matter how long you have suffered with constipation, mild or chronic.

Remember that Kellogg's Bran is not an artificial laxative, but nature's own bulk food that acts as sweeper, cleanser and purifier. Its work for health is wonderful! Besides, bran contains the most valuable mineral salts and other life-sustaining elements—it is a blood-builder and tissue-builder!

Kellogg's Bran, being made of whole grain, is delicious and easy to eat, or sprinkled on hot cereals. Another happy way to serve Kellogg's Bran is to mix with your favorite hot cereal preparation, add two table-spoonfuls of bran for each portion, and eat as usual.

You can make the most of your muffins, raisin bread, panettone, etc., with Kellogg's Bran and it's fine in gratin, soup, etc.

The big thing is to get Kellogg's Bran, which is the basis of the health of your family—AND SERVE IT EARLY! First-class breakfasts serve Kellogg's Bran in hotel packages. Ask for it in your hotel!

All grocers sell Kellogg's Bran.

**Kellogg's**

## PRISON REFORM ADVOCATED

Criminals Should be Confined Until "Cured," Former Arizona Convict Tells City Club

Advocating indefinite prison sentences for convicted criminals and pleading for more liberal education of convicts, that they may be prepared for citizenship on freedom, Louis Victor Eytting, formerly a prisoner in the Arizona penitentiary, spoke on the subject, "Behind Prison Walls," at the City Club yesterday afternoon.

"You do not take a diseased member of society and quarantine him for from one to ten days, or ten months," said Mr. Eytting. "You place him under the care of physicians until such time as he shall be pronounced 'cured.' The criminal should be treated likewise. He should be placed in an institution in which everything possible may be done to accomplish his moral reformation and he should never be released until he is fit to re-enter society."

**SYSTEM SCORED**  
"Men are sent to prison because they are antipathetic, because they do not fit in communities of honest citizens," he continued. "When they come out they should be out better than they went in. But what are you doing to make them better? You employ wardens for guards and neglect the opportunity to develop the best qualities of your prisoners. In most penitentiaries the average prisoner spends less than two hours a week in school."

Mr. Eytting said that in 1914 Massachusetts had 7,000 persons in her reformatory and penal institutions, that 57 per cent of them were repeaters and that this 57 per cent was responsible for 81 per cent of the crime committed. He said that as a rule about 33 per cent of our prisoners are mental defectives and 33 per cent physically defective. He urged scientific examination, with common sense treatment to suit individual cases.

**SOME SHOULD STAY**  
"To be sure, there are certain

## BATTLE FOR LABOR LOST

Leo Lundschen Ends Life When Dream of Workers' Utopia Fades Into Nightmare

Leo Lundschen took a knockout blow from Fate. His dream of a workers' Utopia, vanished in the drabness of East Second street. Convinced of the futility of radicalism and weary with the pessimism of a man who finds his goal a useless attempt to conquer the impossible, he sent a bullet through his brain yesterday.

Lundschen was about 35 years of age. He was a student of Socialistic literature, strangely contradicted by his interest in ancient philosophy. Text-books on surgery, science and languages were among his other reading pursuits. But the supremacy of labor was his dream, as revealed by a lengthy note.

**SPRAYS TO WORKERS**  
The note was written after he had come to certain convictions. He decided that workingmen had not arrived at the point of intellectual capability where they could establish successfully self-government. He came to the conclusion that Fate was the intellectual pugilist who appeared and vanquished. And he marked off certain passages in Marcus Aurelius on resignation and reconciliation to fate.

Lundschen room was in the lobby of a hotel at 330 East Second street. He addressed a score of workmen in the room.

"Brothers," he began, "you all are workers like myself. I have

something I wish to leave to you." Then he handed a sealed envelope to the clerk and walked through the corridor to his room. A few moments later the men in the lobby heard a shot. They found Lundschen dead at the rear of the hallway outside his room. A .32-caliber revolver had ended Lundschen's futile dreams.

**"BEWARE OF CHURCHES"**  
The clerk opened the envelope and read to the group about the body.

"I have no terror of death," said the note. "Fate decrees. Beware of the churches. They form a power with capital to grind you into the dust."

Lundschen formerly worked on the Montezuma ranch at Buena Vista. He is said to have owned ranch property in Texas.

His last days were cluttered with books—the fagots which had lighted his dream. And the fire had gone out with the knowledge that his aspirations were hopeless and his ideas wrong.

**WET DRIVE PLAN GIVEN BY RUTTER**  
Program to be Pursued by Commissioner Haynes is Outlined

State Prohibition Director Rutter, on the eve of his departure for San Francisco last night, gave out a tentative program to be observed by National Prohibition Commissioner Roy A. Haynes, on the occasion of the latter's first visit to this city, on the 13th inst.

Commissioner Haynes, accompanied by Mr. Rutter and Col. L. G. Nutt, chief of the state police division, will come to Los Angeles from San Francisco. They will be here until the 14th inst., at 11 a.m., when Haynes and Nutt will go to Phoenix, Ariz., to complete their trip through Pacific Coast States.

It is understood that while here Col. Haynes will address local prohibition agents in charge of work under command of H. H. Dolley, and that a noon-day luncheon and a night meeting will be arranged. The last two features have not been definitely worked out as to detail, except that they will be a part of the local campaign that is to be carried out with vigor following the visit of the commissioner and his party.

It is also understood that the arrival of Commissioner Haynes here will mean the inauguration of a policy to pursue mercilessly frequent violators of the prohibition law, and that the full force of the abatement section of the Volstead Act will be invoked.

**THE GUL-BRANSEN**

Is NOT just a Player Piano;  
It's MUCH more than that.

A MUSICAL Instrument of  
the finest type—a higher  
development of the piano.

Played with a Roll? Yes. But it  
plays the roll entirely different  
from the ordinary player.

Practically any musical effect  
possible to be attained by human  
hands can be produced on the Gul-  
BRANSEN.

A strong statement to be able to  
make—but it's the reason we're  
proud to be the distributors of such  
a wonderful instrument as the Gul-  
BRANSEN.

If you haven't heard it, you've a  
musical treat in store. Come in at  
any time. There's no obligation  
attached to your visit.

Nationally priced—Whether  
East, West, North or South,  
you'll find all Gul-Bransen  
prices uniform.

Sketch of New Addition

### SHOPPING DISTRICT GROWS MEN'S HOME MORE HOME THAN EVER

Seven-Story Addition to Robinson Department Store Will be Ready by Next September

Excavation preliminary to the erection of the \$900,000 addition to the J. W. Robinson Department Store, was completed a few days ago and the giant steel girders and uprights of the new building now are being swung into place. The addition is to be ready for occupancy by September 1, next.

It is to be connected with the present building on the south. It is to be seven stories in height with a basement underlying the entire structure. It will be finished in identically the same manner as the present structure, and adjoin it in such manner as to form one building.

The general contract for the construction of the addition is in the hands of the Scofield Engineering and Construction Company. The structural steel is being furnished and erected by the Lively Iron Works.

The J. W. Robinson Department Store, after the completion of the addition, will have a total frontage of 130 feet on Seventh street, 193 feet on Grand avenue and 214 feet on Hope street. The total amount of floor space will be approximately 632,760 square feet.

Several new features are being installed in the new building. The men's clothing department will be separated from the remainder of the store and will be provided with its own entrance for all employees and on the seventh floor of the new edifice will be a large and thoroughly equipped restaurant.

The plans were drafted by Dodd and Richards, local architects.

### WHITTIER IS SEARCHED FOR SLAYER

Mrs. Phillips and Chicago Gunman Reported Seen at Neighboring City

An unsigned letter which stated that Mrs. Phillips had been seen in Whittier and several rumors that "Terrible Tommy" O'Connor, Chicago murderer, also was in hiding at that place, sent a posse of deputy sheriffs to that city yesterday afternoon intent on capturing two of the most noted of the fraternity of escaped criminals.

After a thorough search of the two asserted hiding places, members of the posse returned without either Mrs. Phillips or O'Connor, but the search for the pair will not be abandoned in Whittier as it is said that O'Connor has been seen there several times and it is not beyond the realm of possibility, according to officers, that the Chicago murderer, who escaped from prison about a year ago, is aiding Mrs. Phillips in her attempt to evade capture.

Deputy Sheriffs Stensland, Dewar and Catlin, and Constable Elliott of Whittier, formed the posse and visited several addresses in their attempt to locate the escaped criminals. Two places on the outskirts of Whittier are under surveillance and will be closely watched despite the failure to locate either of the escaped criminals yesterday.

### HIGHLY PAID AUTO THIEF, SAY POLICE

Man in Custody is Richer by \$50,000, Statement of Investigators

"The highest-paid automobile thief in Southern California" is the way police described J. J. Bucher yesterday after securing evidence indicating that he has "cleaned up" approximately \$50,000 in stolen cars.

Bucher was arrested several days ago on a charge of grand larceny by Detective Sergeant Bequith, Roberts, Winn and James Cline. They found him residing in an expensive apartment at West Twenty-seventh street and Kenwood avenue.

Since he has been in custody the detectives say they have traced twenty-four machines which, they assert, he stole. High-priced cars only are in the lot, chiefly limousines and sedans. Quick sales and large profits attended his business, they state. An excellent system for changing identification marks on the cars was used.

Among the thefts charged to Bucher by the detectives were cars owned by Dorothy C. Murry, 6606 Aldama street; Viola B. Waddie, 4317 Hollywood boulevard; M. Hestret, 533 College street, Oakland; George Blagochet, 317 Pioneer drive, Glendale; F. W. Hess, 124 West Eighth street; and certificates of registration and license numbers from W. C. Van Vleet, 7919 Selma avenue, Hollywood.

### DAMAGES ASKED FOR CATALINA SEA BATH

Asserted damage of clothes, health and feelings as the result of an involuntary sea bath was the basis of a suit filed yesterday by Francis A. Daley against the Santa Catalina Island Company.

The plaintiff asserts that on Aug. 1, 1932, he engaged passage on the glass-bottomed boat Empress, owned by the company, and was not provided with a proper place to sit. When the boat turned sharply the suit continued, volume of cold salt water deluged him.

The cold bath, it is asserted, ruined \$200 worth of clothes worn by the plaintiff, and resulted in a severe cold, sore back and lame leg, for which \$5000 additional damages are asked.
